360° Protection

PEACE OF MIND ON THE GO

The RA911 device is the answer to the question, "How can I be protected when I leave my house?" Now you can rest assured that help is just a push of a button away - REGARDLESS OF WHERE YOU ARE!

EASY TO OPERATE

One-button push operation makes the RA911 easy to use! Simply push the button on the side of the device, and speak directly to a local 911 dispatcher over the two-way voice speaker.

911 WILL KNOW YOUR LOCATION

When you push the help button, your location information is sent to local 911 dispatch center for quick response.

360° PROTECTION PLAN

There is no substitute for the personalized protection and peace of mind that comes with the Rescue Alert Home Medical Alert System. However, the RA911 provides the second piece of the puzzle by offering you the peace of mind that help is STILL just the push of a button away when you are away from home.
